5 It is difficult for Government to exercise control over the financial transactions of Muttas. The management of some of these institutions leaves, no doubt, much to be desired, but the intervention of Government in their administration would be looked upon as an unnecessary interference by the institutions and also by a section of the public. The insertion in our Regulation of only a provision corresponding to Section 61 of the Madras Law will not by itself give us effective powers of control. The increasing force of public opinion is the right remedy for removing whatever defects there are in the administration of Muttas and the interference of Government should be limited to cases of gross mismanagement. Sections 26 and 27 of Regulation VII of 1927 provide for cases of this kind and I am not sure if we need go further, at any rate for the present. The question may be again examined when the next amendment of the Regulation is taken up. Meantime, no action is called for on the suggestion of the Muzrai Commissioner.

SIR,

With reference to correspondence ending with your letter No.833/Muz.168-30 dated 23rd November 1932 re. the action taken on certain points referred to in the Government Order reviewing the Administration Report on the working of the Muzrai Department during 1929-30, I have the honor to forward herewith the original replies received from the Deputy Commissioners of District and to state as follows:-

1) A separate reference will be made for systematising the payment of mehmi allowances from the Charity Savings Fund.

2) As regards the proposals for amending the Mysore Religious and Charitable Institutions Regulation, so as to require Heads of Mathas to forward their annual budget estimates of income and expenditure & [illegible] the Deputy Commissioners of Districts [illegible] Hadur have stated that provisions similar to Sections 58 and 59 of the Madras Act [illegible] Regulation, as the enactment of [illegible] requires a better appreciation of the [illegible] present. The Deputy Commissioner [illegible] Districts considers that such a provision [illegible] ssary or desirable, as the affairs [illegible] Mathas are generally well [illegible]

under the eye of the Government and on frequent touch with them". The Deputy Commissioner of the adur District is of opinion that to introduce the measures contemplated in Sections 38 and 39 of the Madras Act would be making very drastic changes in their present working.

2. I would invite reference to paras 39 and 40 and para 25 of the report for 1928-29 and 29-30, respectively, stating that a provision similar to Section 61 of the Madras Act or an executive order of Government in respect of at least Mathas with extensive endowments is a pressing necessity and that in the interests of the efficient management of these public institutions conditions in the matter of the Heads of Mathas furnishing their budgets should be introduced early into our legislation. I am of opinion that it is not necessary to make provision in the Regulation similar to Sections 38 and 39 of the Madras Act but that a provision corresponding to Section 61 of the latter may be introduced as it will have a healthy and whole-some influence upon the management of Mathas by Mathadhipathis. It seems to be sufficient for the present if Mathas whose annual income exceeds Rs.5000/- are subjected to this restriction. I request that necessary further action may be taken in the Law Department.

3. As regards appointing a Swami to the Sampige Matha it is reported that the question has been taken up for consideration and that the Tasildar of Mundur Taluk has been requested to consult the devotees in the matter. The matter will be separately dealt with on receipt of the Deputy Commissioner's further communication.

4. As regards the fixing of a uniform course of studies in all the grant-in-aid Veda Patasalas, the views of the Committee of the Sri Chamarajendra Veda Mahapatasala, Bangalore, have been invited on the suggestions made by the Deputy Commissioners of Districts and on receipt of their reply the matter will be considered further and proposals submitted for the orders of Government.

I have the honor to be,

Sir,

Subject:- Furnishing opinion on certain points required on the Muzrai Administration Report for 1929-30.

With reference to your letter No: 269/30-31 dated 11th June 1931 on the above subject, I have the honor to state as follows:-

According to the memo enclosed in the letter under reply, the following are the points for which a report of action taken has been called for:-

(i) Manuals in respect of Muzrai temples.

(ii) Periodical reports re: progress of investigation into cases of Inams of defunct institutions.

(iii) Inspection of institutions by subordinate Muzrai Officers with special reference to periodical inspection of temple jewellary.

As regards point (i).-

The draft manual of the Belur Temple is said to have been sent to Mr. B. Ramaiya who was deputed by you for the purpose, for making press copies of the same and they have not yet been received. There is no proposal for drafting any other temple manual in this District. If

If deemed necessary the manuals in respect of Sravanabelagola and Halebid temples may be got drafted.

As regards point (ii).-

This periodical return is being submitted to you on every quarter before the due date.

As regards point (iii).-

Needful instructions have been issued to the subordinate Muzrai Officers to inspect the several institutions under their charge and to submit copies of notes of inspections as required by the G.O. of 1919. So far, the Sub Division Officer, Hassan has inspected 15 institutions and copies of inspection notes have been submitted to you separately with a copy of the memo of observations made by me. The Saklespur Sub Division Officer has been instructed again to give adequate attention to this work.

2. The following are the points on which my opinion has been called for:-

(1) Submission of budget estimates by Mathas.

(2) Uniform curricula of studies in Vedapatasalas.

(3) Better progress in the completion of Muzrai works.

As regards point (1).-

As the Government is supervising all religions and charitable institutions, I think that the properties of the Mathas require a better supervision than is exercised at present. Though the heads of the Mathas should be made to submit statements and budgets etc., it may be made clear that the Government should not interfere in the internal management by the heads of the Mathas so long as the budgets are adhered to and the institutions kept in a solvent condition i.e. in other words that the Government should watch only the secular side and not interfere with the spiritual or religions side. The provision as per

Sections 38 and 39 of the Madras Hindu Religious Endowment Act. 2 of 1927 may be embodied in the Mysore Religious and Charitable Institutions Regulation also by substituting the words "Muzrai Commissioner" for the "Board of Trustees". Provision may also be made that the estimates may be submitted through the Deputy Commissioner who may make enquiry as he may consider necessary and call for the information mentioned in sub clause (3) of Sec. 38 (1) referred to therein.

As regards point (2).-

The suggestion is manifestly impracticable in the case of the Jain Vedapatasals. This is a matter on which only a specialist can give an opinion and a Government Officer is unable to do so. The opinion of the Inspector of Sanskrit Schools may be called for and the matter decided.

As regards point (3).-

At present the construction and repairs to Muzrai Institutions are being carried out by the P.W.D. under their supervision and control and this practice does not seem to require any change.

The other paras 4, 5, 7 & 14 of the memo do not pertain to this District and hence no opinion has been furnished.

I have the honor to be,

Sir,

With reference to your letter No.269/30-31 dated 11th June 1931 forwarding a detailed memo of points requiring further action in re the above and calling for my opinion thereon, I have the honor to furnish my opinion on each of the points referred to so far as it relates to this District.

7. Improving the financial condition of the temples:- The scale of income and expenditure have been fixed in respect of 3 out of the 4 major institutions in the District and the fixing of scale in respect of the remaining institution viz Sri Tipperudraswami temple at Naikanahatti is under correspondence. Scales in respect of almost all the minor institutions have been fixed and action is being taken to revise the scales wherever such revision is needed.

17. Uniform curricula of studies in the Veda Patasalas to be introduced into Sri Chamarajendra Veda Maha Patasala at Bangalore:- The Sub Division Officer, Chitaldrug after consulting the Adhyakshas of both the Patasalas at Chitaldrug and Chellakere reports that the curricula are no doubt suitable but an additional teacher for each of the Patasalas will have to be appointed as it is not possible for one man to teach both Sanskrit and Veda.

19. Better progress in the completion of Muzrai works:- In order to ensure speedy execution of Muzrai works I think it is necessary that the works costing as [illegible] should be entrusted to Revenue agency and the Deputy Commissioner empowered to sanction the estimate [illegible]

agency. It would be cheaper and more advantageous if the works are executed by the devotees interested in the well being of the institution under the supervision of the Revenue Department.

31. PERIODICAL REPORTS RE PROGRESS OF INVESTIGATION INTO CASES OF INAMS OF DEFUNCT MUZRAI INSTITUTIONS:- The quarterly progress report in this behalf is being regularly submitted by this office.

32. INSPECTION OF INSTITUTION BY SUBORDINATE MUZRAI OFFICERS WITH SPECIAL REFERENCE TO PERIODICAL INSPECTION OF TEMPLE JEWELLERY:- The Sub Division Officers, Amildars and the Deputy Amildar, Harihar have inspected most of the Muzrai institutions in their respective jurisdiction. Instructions have also been issued to them to inspect all the major and minor institutions under their control and submit to this office copies of ~~both~~ notes of inspection in the prescribed form setting apart a para therein for inspection of temple jewellery.

Dy No 839/30-31

SIR,

With reference to your No. 269/30-31 dated 11-6-31 calling individual reports on the points noted in the Government review on the administration report of the Muzrai Department for 1929-30, I have the honor to state as follows:-

Para. 9. Compilation of the Muzrai Manual.

A manual embodying up to date orders of both Government and of the Muzrai Commissioner on all the points pertaining to temples and mutts and private endowments may be published and supplied very early as the want of such a manual is keenly felt.

11. Submission of Budget estimates by matts.

The recording of all information in respect of a mutt in a register to be prescribed as under the Madras Hindu religious endowments Act II of 1927 is very necessary and useful for reference. It will also remove much complication and misunderstanding that might arise for want of such information.

Such registers may be approved by the Muzrai Commissioner.

Sections 38 and 39 similar to the Madras act may be made applicable in the Mysore Religious and charitable institutions Act.

It is very necessary that the trustee of every mutt shall submit a budget to the Muzrai Commissioner through the Deputy Commissioner. For this purpose a mutt with an annual income of more than 1000/- Rs a year may be selected. The mutts with an income of less than 1000/- may be asked to submit the budget by the

the Deputy Commissioner as in the case of Muzrai temples submitting their scales of income and expenditure for approval. A similar section as section 61 of the Madras Act may be incorporated in the Mysore Regulation also.

17. Uniform curricula of studies in Veda Patasala.

A uniform curricula of studies may be adopted.

18. Better progress in the completition of Muzrai works.

At present major No. of the works of the Muzraik department is entrusted to the P.W.D. The Subordinate officers of the Department are already overburned with their departmental works.

As the non-department works in Muzrai works are tacked on to them, it is but natural that departmental works will be given preference over non-departmental works. In the Revenue Department want of suitable men who can draw up estimates, check measurements, prepare plans for works etc., is felt. Hence the checking officers of the Revenue Department will generally have diffidence for fear that things might go wrong. Even then in some cases where works have been entrusted to one of the devotees of an institution check measurements will have to be made by some technical men i.e., D.P.W. preferaoly to satisfy whether the work has been executed satisfactoril

I would therefore suggest that out of the provision made in the estimate for tools and plants charges, a small percentage may be given to the subordinate of the P.W.D. in charge of works as supervision charges with the approval of the Executive Engineer of the division. This may give some inducments to push through the work more satisfactorily and speedily.

Regarding paras 21 and 22, needful instructions are being sent to all Subordinate officers to be more prompt.

There are no subjects in the review pertaining to this district calling for individual reports.

SIR,

In continuation of my letter No.A1.2C169 dated 14th June 1931, in the matter of the action taken on the points referred to in the Government review on the Muzrai administration report for 29-30 I have the honor to state as follows.-

(1) The only points on which action is called for in this District are: 11. Submission of budget estimates by Pathas. 17. Uniform Curricula studies in Veda Pathasalas, 19. Better progress in the completion of Muzrai works, 22. Inspection of Institutions by subordinate Muzrai Officers. I may state that your instruction in the matter of prompt and periodical report regarding the defunct institutions has been noted.

I send enclosed for your reference, a copy of the circular issued by me on the 23rd June in regard to item 22, inspection of institutions. As regards item 17, I have called for the proposals from the Amildars of Srinivaspur, Goribidnur and Bagal about Curricula in the Veda Pathasalas of their taluks.
